

In the Drawings

Cancel the drawings presently on file and substitute therefor the drawings enclosed herewith.

## REMARKS

### Claims

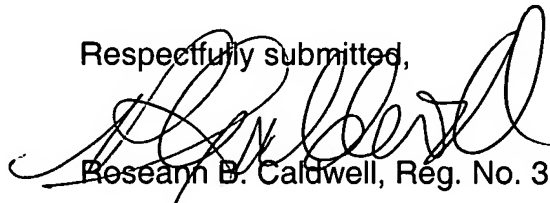

The claims 1, 4 and 11 have been amended to more correctly define the protection for which protection is sought. The word "linear" has been removed in each of the aforementioned claims. This amendment is in keeping with the specification of the application which states at line 3 of page 2 that a conduit may be extruded from a "flexible liner material" and at line 9 of page 4 that "[v]irtually any kind of liner material may be utilized".

### Drawings

Although the drawings were not objected to, applicants believe that the enclosed drawings are more suitable for publication with the application. No new matter has been added.

Favorable consideration of the amended application is respectfully requested.

Respectfully submitted,

Roseann B. Caldwell, Reg. No. 37,077
